

Olgoonik Corporation is an Alaskan Native Corporation (ANC) located in Wainwright, a coastal village along the Arctic Ocean. Olgoonik was established in 1973 as a village corporation under the Alaska Native Claims Settlement Act enacted by Congress in 1971. Olgoonik Development, LLC, formed in 1999, is a holding company providing management and support for nine subsidiaries.

Kuk Construction, LLC (KUK) provides construction, construction management and technical security services for public and private clients. KUK has the knowledge and resources to provide effective infrastructure support, site operations and support, facilities management and proven expertise in construction management services worldwide.

O.E.S., Inc. (OES) provides design, engineering, management and compliance services in the areas of site assessment and sampling; screening and profiling; program development; metal consolidation; remediation of contaminated sites; tank inspection and cleaning; erosion control; incident command and spill response training; and remote site support services.

Olgoonik Global Security, LLC (OGS) provides clients with a broad spectrum of staff expertise to detect and counter technical security threats to personnel, information and property by hostile intelligence organizations, criminal enterprises, terrorists and others.

Olgoonik Specialty Contractors, LLC (OSC) provides installation and repair of doors and windows with a special focus on security and force protection. Additionally, OSC capabilities include assisting with component specifications and project management.

Olgoonik Logistics, LLC (OL) provides comprehensive program management in the areas of supply chain management, transportation, POL, as well as vehicle and equipment maintenance. The company's enterprise resource planning system (IFS) effectively integrates a full range of order processing; asset management; demand forecasting; scheduling and tracking; procurement and accounting/financial services.

Olgoonik Management Services, LLC (OMS) provides multi-function support services in the areas of base operations support, facilities management, program management, management consulting and training, and GIS/CAD/WEB development and support.

Olgoonik Technical Services, LLC (OTS) provides professional technical services with an emphasis in information technology design, implementation and support.

The Olgoonik Edge

As an ANC, Olgoonik subsidiaries are eligible to participate in a wide variety of federal preference programs: Small Business Administration 8(a) Business Development Program, Indian Incentive Program, HUBZone and Direct Conversion.
