

Well Site Services

OES provides a wide range of services in environmental management and remediation, oilfield services, and environmental training for the private and public sectors.

We have cultivated an organization with a strong team, as well as policies and procedures critical to successful project and contract management. OES has the depth of experience to support our clients' compliance with federal, state and local regulations.

Well Site Services include:

- Road and Drill Site Construction
- Camp Support
- Drill Site Dismantlement, Removal and Restoration (DRR)
- Snow Abatement
- Logistics
- Ice Road Construction
- Waste Management
- Site Security

Our drilling consultants can provide the following services:

- Directional and Exploratory Drilling
- Well and Mud Logging
- Well Site Supervision
- Well Plugging and Abandonment
- Environmental Compliance

As a subsidiary of Olgoonik Development, LLC, an Alaska Native Corporation, OES is eligible to participate in the SBA 8(a) Business Development Program, HUBZone, Indian Incentive Program and Direct Conversion (Commercial Activities).

OES holds contracts with ConocoPhillips and Anadarko Petroleum.
