

***BUILDING OUR FUTURE
HONORING THE PAST***

COMMUNITY MOVIE NIGHT!

The first release of Olgoonik's video will be on Monday evening, April 18 in the Alak gym. **Everyone is welcome!**

Why did Olgoonik make this short video?

- Politicians and reporters from around the world are talking about the Arctic because of climate change and resource development...Wainwright's location has our community and the Corporation in a steady spotlight
- Instead of letting others tell our story, this video allowed us to use our own words to describe the Corporation's position on change, as well as show Wainwright as the extraordinary village that it is – a proud Iñupiat community concerned for yet in control of its future
- While we simply couldn't fit every resident or employee into this first 15-minute video, we are pleased with the outcome and hope you will be, too

WHEN: April 18, 2016 – 6:30 p.m. to 8:30 p.m.

WHERE: Alak Gym

SNACKS: Popcorn, hot chocolate and juice

WHAT: Enjoy the video, a few words by Corporation leadership, and some time for relaxed socializing. There will also be an Annual Shareholder Meeting suggestion box available for your ideas and comments.
