## Why ride my motorcycle across 49 states in 9 days?

The kids are counting on me...on us!  
In the USA there are 3.6 million children reported as abused, neglected, or abandoned. Many of them are in the foster care system.

Worldwide millions of children go without food, clothing or shelter, and have no hope for a future. We can help and let them know they are not forgotten.

## **Royal Family KIDS** ([anchorage.royalfamilykids.org](http://anchorage.royalfamilykids.org))

Royal Family KIDS camps began 25 years ago in Southern California, fulfilling the vision of letting every child know they are precious in the sight of God. That's how they came upon the name of Royal Family KIDS. There are over 200 camps worldwide, including three in Alaska.

For one week in the summer, children who have been abandoned, abused, or neglected get to go to camp for free. For one glorious week, children who are trying to overcome trauma, emotional scars, and uncertainty are celebrated—an experience made possible by 150 volunteers each year. For one week, they get to be who they are intended to be—celebrated and cared for KIDS!

Compassion's ministry is focused on the individual child and his or her development. By working holistically with individual children to address their spiritual, economic, social and physical needs, we present every child with an opportunity to become responsible and fulfilled Christian adults.

Although entire communities may feel the positive impact of Compassion's presence, our goal is to release children one-by-

one from poverty in Jesus' name. What happens in the life of a child ripples throughout their environment now and in the future. We believe that changed environments may assist children, but transformed children will inevitably change their environments.
